

OPERATION MANUAL FLUGS – Cupra Born

START YOUR DRIVE

Before you get into your booked FLUGS, check the car for defects. If you find something, you can report the defects in the APP. In the event of serious damage, contact our hotline on T. +43 800 66 55 24.

1. OPEN THE VEHICLE

Via BLUETOOTH you can OPEN the VEHICLE directly via the APP, make a STOP (lock & unlock) and END the BOOKING.

2. DETACH THE CHARGING CABLE FROM THE VEHICLE

As soon as the vehicle is unlocked, you can unplug the charging cable from the vehicle and the charging station

3. PUT THE CHARGING CABLE IN THE TRUNK

Don't leave it at the station!

A little tip for long-distance journeys: If you cover longer distances, you will find a TIWAG charge card in the sun visor. With this you can charge at all TIWAG charging stations in Tyrol & Carinthia. Please put the charge card back into the sun visor after each operation. GOOGLE MAPS or the navigation system in the vehicle will show you where the TIWAG charging stations are.

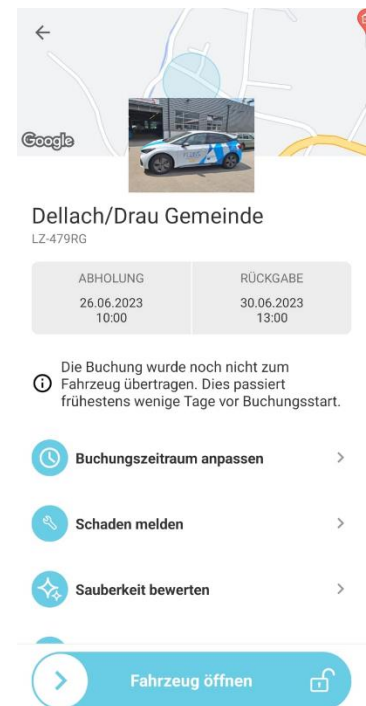

4. DRIVE OFF

Make yourself comfortable in FLUGS, put your right foot on the brake & press the »Start | Stop« button to the right of the steering wheel.

Then use the automatic lever (behind the steering wheel) to select the gear you want to engage.

D = DRIVE (drive forward)
 N = NEUTRAL (idle)
 R = BACK (reverse gear)
 P = PARK

Note: If you ever have problems logging in or starting the vehicle, just try again. Open the vehicle or make a stopover. Sometimes the MOBILE PHONE does not immediately find a Bluetooth connection.

And another tip: stand close enough to the car so that the reception is better 😊

RETURN THE FLUGS & FINISH BOOKING

1. PARK VEHICLE

Drive the FLUGS back to the rental location. Press the "P" (Park) button on the shifter and then the "Start|Stop" button to turn off the vehicle.

2. PLUG IN THE CHARGING CABLE

Please connect the vehicle to the charging station after each trip. Get the charging cable out of the trunk and connect it to the charging station.

3. CHARGING STARTS AUTOMATICALLY

4. CHECK CHARGING ACTIVITY

The display on the dashboard now signals that the vehicle is being charged.

5. COMPLETE BOOKING

Then lock the vehicle (-> end booking in the app).

in case of malfunctions and
emergencies please contact
our serviceline
T. +43 800 66 55 24

*You can also find the roadside assistance emergency number in the GLOVE COMPARTMENT
(in the CASE with the registration certificate).*
